Cold Steel or Death.

"There is but one small chance to save your life and that is through an operation," was the awful prospect set before Mrs. I. B. Hunt, of Lime Ridge, Wis., by her doctor after vainly trying to cure her frightful case of stomach trouble and yellow jaundice. He didn't count on the marvelous power of Electric Bitters to cure Stomach and Liver troubles, but she heard of it, took seven bottles, was wholly cured, avoided surgeon's knife, now weighs more and feels better than ever. It is positively guaranteed to cure Stomach, Liver and Kidney troubles and never disappoints. Price 50 cents at S. J. Hodgkinson drug store.

A project is being formed by the farmers on the east side to buy the Douglas County Roller Flour Mill and run it. The property has recently been fitted with the latest improved machinery and is turning out flour second to none.—Record.

WITHOUT CAUSE.

In Friday evening's *Gazette* there is a weak and venomous effusion of words about the JOURNAL's connection with the Von Schmidt water steal, which developed through an article that ap-
peared in the paper some days ago. The Carson *Appeal* made reference to the JOURNAL's article, which seems to have set the weakness of the *Gazette* on its edge. The unoffending JOURNAL is taken to task and a serpent's fang char-
ed with venom is inserted in its body to make amends, it is presumed to the *Gazette*, for its temerity when expressing its thoughts upon a sub-
ject without permission, that the *Gazette* appears to believe is under its special care.

There was an article which appeared in the local columns of the JOURNAL last year about water and our Italian citizens, which the JOURNAL was in no way responsible for, except as a means that gave it to the public, which was fully explained at the time. The much regretted article about our American Italian citizens, than whom there is not a better or more industrious class among our people, or a class among our foreign American citizens for whom the JOURNAL has a higher regard, which it is presumed the *Gazette* is aware of, and may explain bringing to the surface the far-fetched incident, is which was beyond doubt used either for the purpose of injuring the JOURNAL or for the purpose of casting an additional slur upon good people.

The *Gazette*, by bringing the incident forward at this time without any cause to do so, shows the venom there is in it, either to the JOURNAL or to our Italian fellow citizens, or to both. The reference is not only weak, but it is low and is of the essence of a mean spirit and a depraved education.

The University episode [italics are ours] has been heard from before. When the University episode was up the *Gazette* and the episode *raked in their tent*, and now in a small way that re-
presents a gimblet brain it is made a source of reference about which there is no complaint. Attention is directed to the fact of its mention at this time, which is in no way connected with the Tahoe water question, for the purpose of showing the methods and efforts of an insignificant and contemptible creature to say something the else of itself, and say it in a spirit in which it lives.

The JOURNAL has had occasion to say to the editor of the *Gazette* that it would receive mention by the JOURNAL in a spirit of kindness, which promise is the cause at this time of the mild treatment it is receiving. Hereafter the JOURNAL is relieved from its foolish promise, and will treat its adversary in a way that its merits demand.

BUSINESS CONTINUES TO IMPROVE.

Cheering news from all parts of the State continue to greet the ear and the minds of the people are correspond-
ingly released from the oppression there was upon them in the years that followed the appreciation of silver as a money metal. It is true that Nevada has mining industries other than silver mining, but silver mining is not all there is in the silver question to the people of the State. No people as a whole are better informed upon the effects of the demonitization of silver than are the people of the desert State, because they are in the question in a double sense.

As silver miners they are interested. It was and would be again the lead-
ing industry in mining, were the prices of the metal such as they should be for a money metal. They are also well in-
formed and understand the conse-
quences there are in the train of its de-
monitization upon the commercial and industrial world. There is in free silver a principle that the people will not yield to the money power but will continue to maintain against matters of policy. A principle is worth more to an intel-
ligent people than many policies. Policies will not be considered to the exclusion of principle for which cause the more intelligent among the people will indefinitely continue their contem-
poration for its remonitization.

General mining industries are re-
ceiving attention all over the State which are responding to the energies and industry of miners in a way that gives assurance that mining will again be to the front in the State and money will be in the homes of the people as in the days of its prominence. Other in-
dustries are in sympathy with mining and confidence is taking a new form to all departments of business. Agricul-
ture is giving signs of new life that are not to be mistaken as enterprise com-

ing from necessity, but is a result of present and expected reliable future demands and markets. Give Nevada prices for its mineral and agricultural products so plentiful in the State and a money stringency in the commercial east will not be known to the people in the State, except as they are informed over the wires and through the news-
papers.

NEWS OF THE STATE

Brief Items of Local and General Interest to Our Readers.

A sawmill is to be erected at State-
line, Lincoln county.

Ernest W. Harris of Dayton, Nev., has been appointed a railway mail clerk.

Samuel D. Noland of Hawthorne, Nevada, has been granted a pension of \$8 per month.

The Southern Pacific company is sending O. & C. cars to Sacramento to have them repaired.

Since the recent rain Carsonites are living on mushrooms, which have put in an appearance in all sections of the town.

Two horse buyers from Iowa are en-
deavoring to secure a large number of animals from the ranchers of Pine valley, Eureka county.

A Carson butcher found a piece of steel several inches in length in the hipbone of a steer. The steel was the line of a pitchfork, which at some remote date had been used to persuade the steer to get a move on.

Pat O'Brien and William Nye, who have for some time past been engaged in raising cattle near Hot Creek, Nye county, have dissolved partnership, says the *Sentinel*. Mr. O'Brien purchas-
ing his partner's interest for \$3,000. It is understood that Mr. Nye will leave shortly for Cape Nome.

MINES AND MINING

Items About Nevada's Leading Industry Clipped From Exchanges.

A shipment of ore averaging 400 ounces per ton, was recently made from the Southern Klondike mines to Selby's.

The Johnny mine, in Stateline dis-
trict, Lincoln county, is producing a very high grade of ore. The property improves as depth is attained.

J. L. Vedekind leaves this morning for a trip overland to Reno, to assist his father in developing a rich main claim which he recently discovered near that place.—White Pine News.

Armstrong, Quinn, McKline and Pollard, who have a lease of a portion of the Haywood mine, in Silver City, had a good clean-up from a 100-ton lot of ore this week.

The last run of tailings in the Logan and Holly cyanide plant, some 200 tons, proved very satisfactory, accord-
ing to report. Work will be carried on in the lower tunnel and the mill and cyanide plant will be started up again just as soon as the weather will per-
mit.

LOOKING INTO A SHOTGUN.

A Bandit's Victim Tells How It Feels to Be Held Up.

"I happen to know how it feels to be held up," said a gentleman who now occupies a position of prominence in local railroad circles. "I acquired my experience as a passenger in a stage-coach about six miles from Tombstone, A. T., in 1884. We had a big load, six men inside, two on the driver's seat and an express messenger on the boot. Every man in the crowd had a revolver, two of the inside passengers had Winchesters across their knees, and the messenger had an 8 bore duck gun that contained nearly a quart of slugs. We were held up at about 4 in the afternoon by a single masked man, who rose suddenly from behind a pile of rocks and covered us with a 'sawed off' shotgun. All the curtains were raised, so there was a fair view of the interior, and when he yelled 'Hands up!' everybody obeyed.

"Then he told us to get out one by one and stand in a row, with our backs to him. I never bated to do anything so badly in my life, but I saw the others going and followed suit. About that time a half grown boy, apparently unarmed, appeared from behind the rocks and took up the collection, which included our joint arsenal. After that we were ordered back, and the chief bandit told the driver to go ahead.

"As far as I know, the robbers were never caught, but what especially im-
pressed me about the episode was the reluctance of any of our party to take the initiative. I was certain the slight-
est resistance would be successful, but I realized also that the man who made the first move had an excellent chance of being killed, and I suppose all the others felt the same way. Anyhow, it happened exactly as I have narrated it. During the year I lived in Arizona there were eight or nine hold ups on the same road, and in no instance was there any resistance whatever. That taught me that a crowd of average men, gazing into a cocked shotgun, will do just about anything that is suggested."

Princeton Tiger Downs the California Grizzly.

Special to the JOURNAL.

PRINCETON, N. J., May 12.—On a perfect field and under a cloudless sky, California has met Princeton and lost by a score of 10 to 3. Princeton's men were in excellent condition, and put up by far the best work they have done this season. The score would have been 9 to 3, had not Woolsey stumbled in the 220-yard hurdle, within 15 feet of the tape.

Plaw of California, was the notable success of the day. His wonderful throw of 150 feet, 10 inches, which breaks the collegiate record, brought a storm of applause.

Woolsey made the record put with the shot, at the distance of 41 feet, 11 inches. In the pole vault and high jump U. C. was unfortunate. In his first try at 10 feet 9 inches, Hoffman of California strained his leg and was unable to go on.

Princeton has in Jarvis and Cregan, in sprints and distance runs, marvels of speed. The 100 yards was made in 10 sec-
onds flat. The 440-yard run was the fastest race of the day, Cregan winning in 49 4-5, with Service running under 51.

The half-mile run looked anybody's race till the finish, when Perry spurted and came in in 2 2-5, with Service a second behind.

The broad jump was a great disappointment, Broughton failing to do better than 20 feet, 9 inches, the event being won with the mediocre distance of 21 feet, 2 inches.

Corbett's Star Again in the Ascendancy.

Special to the JOURNAL.

NEW YORK, May 12.—The strange condition exists in the sporting world of a vanquished man enjoying all the hon-
ors that usually fall to a pugilistic conquerer. Jim Corbett today occupies a higher place in the estimation of the sporting world than ever before, and Jeffries stock has declined in pro-
portion.

From the realms of has-beendom Corbett finds himself to-day the idol of pugilism, with every alleged top-notch in the business eager to hurl a challenge at him. Jeffries and his manager Brady are eager for another chance. Corbett today has not a mark on his body, while Jeffries is a cut and bruised hulk. Beef triumphed over the ideal gladiator that the sport-
ing public idolizes. Corbett's condition continues to astonish the world.

A fine selection of shirt waists and summer dress goods, embroideries, laces, etc., etc., at Mrs. Petrie's, 23, Second street.

Ant-en-Busch is the only eastern beer in Reno. It is bottled by the Monarch saloon company. No the cheapest, but the best.

Pabst beer is cool, sharp, sparkling and wholesome. Little & Fringle, Virginia street, are wholesale and retail dealers in this beverage.

Still doing business at the same old stand, Harry Davis is being kept busy nowadays selling his new line of periodicals, stationery and smoking goods.

The Louvre is now provided with an excellent orchestra, which gives concerts every afternoon and evening. Good drinks and cigars and square games.

The Riverside Hotel deserves its popularity, as it is unexcelled in service and table. An elegant and aristocratic place to take your family for a Sunday dinner.

We are here to make friends, and will endeavor to do so by selling you the best goods at the least living prices. Always ready to please at the Novelty Dry Goods Store.

Just arrived; the finest line of children's shirts in Reno. Golf shirts, white shirts and shirts with closed bosoms to fit children from four years of age upwards. H. Leter, the clothier.

Our Mine al Resources.

Every range of mountains in the State contains minerals which include every variety so far discovered, and many of these ranges have never been prospected to any extent except for gold and silver.

Capitalists, anxious to embark in mining, could derive no more economical or certain methods of obtaining satisfactory results than equipping prospecting parties and maintaining them constantly in the field, on the plan of Messrs. Hearst, Higin and others who made millions out of the mining industry.—E.

Notice to School Trustees.

An election of school trustees shall be held in each school district in Washoe county on May 23, 1900.

The trustees in each school district shall post notices in three public places in the district, which notices shall specify that there will be an election held at the school house of each district and the hours between which the polls will be kept open on said day.

See school laws of the State of Nevada, 1897, for further guide.

E. L. WILLIAMS,
m12:2 County Superintendent.

Painful Accident.

Will Holcomb came in to town yesterday for surgical treatment. He met with a painful accident at his ranch. While roping a horse his hand was caught between the pommel of the saddle and the lariat. The member was terribly mangled and several bones were broken. Dr. Phillips says that the hand can be saved.

A Week's Production.

The Consolidated California and Virginia mine shipped to the Kinkaid Mill during the past week, 233 tons and 1,670 pounds of ore, assay value, \$41.30 per ton. The average assay value (per battery samples) of all the ore worked at the mill during the week (175 tons) was \$37.30 per ton.

Increased Population.

Mr. and Mrs. Jay Clemons were made happy Friday night by the birth of a daughter.

A little "maiden came to bless the home of Mr. and Mrs. C. R. Oarter yesterday.

The Next Attraction.

To-morrow evening the Daltry stock company, supporting the talented emotional actress, May Nannery, will commence a week's engagement, opening in Clay M. Greene and Joseph Griener's beautiful play of to-day, "The New South." This play covers the enfranchisement and existing race prejudices.

Jefferson Gwinne, the son of an ex-Confederate general, is a candidate for congress, and the colored voters, under the leadership of one Sampson, are endeavoring to intimidate him into buying negro votes. Upon being approached, he administers a good thrashing to the insolent negro, who retires vowing vengeance. A company of United States cavalry, under command of Captain Harry Ford, arrives in town to assist in the arrest of a gang of moonshiners, and their presence is considered by the southerners as encouragement to the negroes. Gwinne is elected and the colored voters attack the polls and carry off the ballot boxes.

A fight ensues between Gwinne and Captain Ford, in which Ford stuns Gwinne with his sword scabbard, and hastens to secure assistance from the house. During his absence Sampson discovers the wounded man and murders him. Ford is charged with the crime and found guilty on circumstantial evidence and sent to prison.

This stirring change of events tends to form a very pretty plot, which eventually ends in the proving of the innocence of Captain Ford, through the efforts of his sweetheart, and the apprehension of the guilty ones.

To-morrow evening Mr. Daltry will sing the latest coin sensations.

Will Soon be a Benedict.

A dozen confirmed old bachelors were invited to a smoker last evening in the rooms of Professor Cushman, University avenue. They were well entertained for an hour or two, after which mine host removed his meerschaum and his face put on an air of mystery, which caused all present to sit with bated breath, waiting for the momentous and uncanny thing to happen.

It eventuated.
The professor said: "Boys, I had held out against the charms of Eve's daughters for many a year; but I have at last been compelled to capitulate. Some time next month Miss Mary Reed of Cambridge, Massachusetts, will lead me to the altar, a willing sacrifice." Then the pipes were refilled and the lemonade went round again.

Railroad Changes.

H. L. Field, station agent for the Central Pacific, leaves to-night for Byron springs, Cal., to recuperate his health. He will be accompanied by his daughter.

During his absence his place will be filled by passenger agent W. D. Phillips.

Laid to Rest.

The remains of the late Sheldon O. Wells were laid to rest yesterday afternoon in Masonic cemetery at 2 o'clock. The funeral services at the grave were from the impressive ritual of Masonry. A large concourse of friends followed the body to its last resting place.

Attractive Window.

Pedestrians on Commercial Row last evening were attracted to the window of the Washoe lunch counter. Mine Host Olansen has a display of choice meats fit to tempt the most confirmed dyspeptic.

PERSONAL MENTION.

Gossip About the Migrating Public as They Come and Go.

Judge C. E. Mack was in town yesterday.

E. Wolf came in from Amadee last evening.

Archie Allen went to San Francisco last night.

Thomas Pixley was an arrival from Lihueham yesterday.

George W. Mapee arrived from the north last evening.

J. M. Fulton returned yesterday from San Francisco.

Joe Douglas of Virginia City spent yesterday in this city.

Lloyd Tevis Stephenson of Vinton was in town yesterday.

Col. J. A. Conbois returned to Virginia yesterday morning.

E. L. Passmore of Montpelier, Vermont, is a guest at the Riverside.

Mrs. D. C. Simpson and Miss Simpson came in from Wellington yesterday.

Mr. and Mrs. E. Matheson of Gibson City, Illinois, are spending a few days in this city.

C. P. Cross came down from Verdi last night. He reports great activity and prosperity in the up river town.

Mrs. A. J. Floyd went to Amadee yesterday to reside permanently. Her husband has been appointed station agent for the narrow gauge road at that place.

LITTLE LOCAL BREVITIES

The funeral of the late John McCormack will take place this afternoon from the residence of the deceased at 2 o'clock.

The threatening weather of the last few days culminated in a fluke, last night being as pretty a night as one would care to see; clear, cold and a full bright moon.

The robbernecks were out in force yesterday afternoon seeing that the big safe for the Washoe county bank was successfully conveyed from the railroad depot to its permanent abode.

A Successful Rendition.

A small but appreciative audience attended the matinee of "Olivette," yesterday afternoon. The parts were rendered in a manner creditable to all. The chorus was in fine form and the principals did themselves proud. The orchestra traveled in the professional class.

It is to be deplored that the performances were not patronized as they should have been, for they were well worth twice the price of admission. Only about thirty dollars were cleared in both performances, a very poor showing for a town the size of Reno.

Will Resume Working.

Messrs. Burton and Seidmore will return to-morrow evening from Humboldt county where they are looking at the properties of the Electric Mining and Reduction Company in Arabia and Trinity districts. They will resume working their properties at an early date. Quite a crew is employed at the Reno Reduction Works getting the plant in readiness for operation.

Into the Noose.

One of the faro dealers "set 'em up" to the crowd yesterday afternoon. The cause of the celebration was not made public, but it leaked out that Mr. Sport had just tied up for life with the girl of his choice—it was not Ed White, but it is rumored that the next turn out of the box will reveal him with his neck in the matrimonial noose.

Chicken Dinner.

The Golden Eagle hotel will serve a chicken dinner to-day. Go and take your family. Well cooked, well served.

The Peavine Properties.

RENO, May 11, 1900.

I have just arrived from the mines owned by the Exploration and Development company on Peavine mountain and will say this, that they have 32 mining claims in one group in which there are seven deposits of ore that the company could put men to work on and extract ore that would go all the way from \$20 to \$100 to the ton and by sorting the ore carefully they could get one ton to the man per day that would average \$30. I do not say that the whole and entire ore bodies would average \$30 per ton, but safely can say that the entire ore bodies now discovered with the primitive work done up to date will average 3 per cent copper, \$4 in gold and from two to five ounces in silver.

Figuring copper at ten cents per pound, gold at \$4 and silver at \$2, will make the ore go \$12 per ton. Then the company has free water power and an abundance of wood wherewith they can burn their own charcoal and deliver the same at 6 1/2 cents per bushel at the millsite and by contracting they can deliver their ore at the smelter for 35 cents per ton and by drifting and quarrying they can mine their ore for 40 cents per ton, so that at the above described rates they can mine, transport and smelt their ores at a cost of \$6 40 per ton, leaving the company a net profit of \$5 60 per ton.

J. H. BROWN.

Very Rich Ore.

The newly discovered copper lodes in the Red Rock country are turning out better than the fondest expectations of their owners. Mr. Nash and sons have ordered enough sacks to ship a carload of ore. Recent assays showed their ore to carry 36 per cent copper, besides good values in gold and silver.

A Return Call.

Next Friday the class of '00 of the Virginia high school will pay a visit to the Reno seniors. The visitors treated the students of our high school so hospitably on their recent trip to the Comstock that no effort will be spared to make the return call a pleasant one.

Fit for a King.

A bountiful feast will be spread to-day at the Monarch chop house. The bill of fare will contain all the dainties of the season. Take your dinner there to-day.

NEWS OF
THE STATE

Brief Items of Local and Gen-
eral Interest to Our
Readers.

It is reported that Joe Pete, who
murdered young Dangberg at Genoa, is
frequently seen in Alpine county, Cal.,
and it is thought it will only be a short
time until he is recaptured.

There is no truth in the report that
the damaged cars of the C. & C. rail-
road are being shipped to Sacramento
for repairs. The fact that three sets of
wheels from the C. & C. railroad had
been sent to Sacramento to be used for
patterns, gave rise to the item. The
cars damaged on the C. & C. road are
being repaired at Carson as usual.—
Enterprise.

The work of getting the Young Amer-
ica's mill ready for crushing is all but
completed, and by the end of the week
it was expected that ten more stamps
would be added to the forty already
dropping on gold ore in Tuscarora.

Charles Campbell and Miss Nellie
Hider were married in Winnemucca
last Friday by Judge S. J. Bonfield. They
returned Saturday morning and
left for Elder Creek, where they will
reside. Mr. Campbell being foreman of
some copper mines at that place.

The following companies have been in-
corporated under the laws of Nevada and
incorporation papers have been filed
with the Secretary of State: Elko
Southern Telephone company, Hart-
ford Oil Co., Indiana Rubber Co. and
the Great Western Compound Devel-
opment Co. The latter company will
transact business at Steamboat Springs
where the mineral water will be bot-
tled and shipped and the property
placed in excellent condition.

A Night of Terror.
"A awful anxiety was felt for the widow
of the brave General Burnham of Ma-
chias, Me., when the doctors said she
could not live till morning," writes
Mrs. S. H. Lincoln, who attended her
that fearful night. "All thought that
she must soon die from pneumonia,
but she begged for Dr. King's New
Discovery, saying it had more than
once saved her life, and had cured her
of consumption. After three small
doses she slept easily all night, and its
further use completely cured her."

This marvelous medicine is guaran-
teed to cure all throat, chest and lung
diseases. Only 50 cents and \$1. Trial
bottles free at S. J. Hodgkinson's drug
store.

Robert Henderson of Humboldt
county, arrested in San Francisco last
week on a charge of mayhem, will have
his examination at Battle Mountain,
and if all reports are true concerning
the case, he will, no doubt, be bound
over to the Grand Jury. Gov. Gage of
California, issued extradition papers
Wednesday, and he will be brought
back to answer the charge.

Remarkable Cure of Rheumatism.
KENNA, Jackson Co., W. Va.
About three years ago my wife had an at-
tack of rheumatism which confined her to her
bed for over a month and rendered her unable
to walk a step without assistance, her limbs
being swollen to double their normal size.
Mr. S. Maddox insisted on my using Chamber-
lain's Pain Balm. I purchased a fifty-cent
bottle and used it according to the directions
and the next morning she walked to breakfast
without assistance in any manner, and she has
not had a similar attack since.—A. B. PAR-

ASSESSMENT NOTICE.
OFFICE OF THE PEOPLE'S DRAIN
Ditch Company, a corporation, with its
principal place of business Reno, Nevada.
Notice is hereby given that at a meeting
of the Board of Trustees of the People's
Ditch Company, held at their office in
Reno, Nevada, on April 23, 1900, an assess-
ment (No. 2), of (10) ten cents per share was
levied upon the capital stock of the company
payable at once to the Treasurer of the
company, the Bank of Nevada, at its office
in Reno, Nevada. Any stock upon which
this assessment shall remain unpaid on
Saturday, May 26, 1900,
shall be declared delinquent, and will be
advertised and sold at public auction, to pay
such assessment, cost of advertising and ex-
penses of sale; provided, however, that land
drained by this ditch, not represented in
stock, shall pay (\$1.00) one dollar per acre
per year in advance.
By order of the Board of Trustees,
R. H. KINNEY, President.
Attorneys: W. H. NOYES, Secretary.

The Best in the World.
We believe Chamberlain's Cough Remedy
is the best in the world. A few weeks ago we
suffered with a severe cold and a troublesome
cough. Having read their advertisements in our
own and other papers we purchased a bottle
to see if it would effect us. It cured us be-
fore the bottle was more than half used. It
is the best medicine out for colds and
coughs.—The Herald, Andersonville, Ind.
For sale by Wm. Pinniger.

Perfect Machines.
